Doesn't everyone deserve *a place to call home?*

We think so. Which is why Supportive Housing Communities was created. Our goal? Put a permanent end to homelessness and to do so in a way that creates dignity, hope and community. Is it a big job? It's huge, and we're not kidding ourselves, it will take a serious commitment to make this dream a reality. But here's something else we know. If we don't do it, who will?

Is homelessness that big of an issue?

It's easy to ignore the person holding a sign on the side of the road, or curled underneath a tattered blanket, but are their lives any less important than ours? Are we not called upon to love our brothers and sisters as ourselves? Supportive Housing Communities offers a solution to the issues of homelessness and addiction in Charlotte. Our permanent supportive housing community helps residents heal and increase their sense of self worth. For some, permanent supportive housing can literally make the difference between life and death.

Together, we can make a difference.

Supportive Housing Communities works to end to homelessness in Charlotte. Yet there is still so much work to do. As we begin our expansion to multiple locations, we need people like you to get involved as volunteers and community leaders. Will you join us in our quest to end homelessness for the most vulnerable members of our society? Call today to inquire about volunteering at our permanent site, sponsoring a fund-raising event or making a donation. Together, we can and will find a way to end homelessness.

Hope is just a phone call away.
