

Chefs of Charlotte

FLAVORS OF THE QUEEN CITY

ABOUT THE EVENT

Chefs of Charlotte is a unique annual fundraising event that will bring the area's top chefs together for an evening to offer their signature cuisine to a limited number of guests in an intimate and exclusive setting. Each chef, designing their own menu, prepares a five-course dinner, complete with complimentary wines for one table of 10 guests. Chefs will design their table settings to reflect their cuisine and personal flair using their selection of china, silver, and centerpieces.

The event will open with a cocktail reception, hors d'oeuvres and a silent auction. During the cocktail hour, a raffle drawing will take place that pairs the guests' tables with their chef for that evening. The table hosts will escort guests to their table and the evening begins. Patrons love hearing about the food and wine firsthand from the chef. And with each table having a different chef, menu, and décor, it truly is a beautiful and interesting culinary experience.

Supportive Housing Communities (SHC) relies on the generosity of people like you to fund groundbreaking services and programs to help our homeless neighbors move into and maintain stable living in their home. We need your time, talent, and treasure. Join us for an exquisite evening of fine dining for this most worthy cause.

Levels of Sponsorship

Presenting Sponsor \$25,000

- 1 Table (10 Guests) *1st raffle choice of chef for the evening
- Event referred to as *Chefs of Charlotte Presented by* “Your Company” on all printed materials

ABOUT THE CAUSE

Supportive Housing Communities (SHC) is a leader in Charlotte for ending homelessness. Besides pioneering the concept of providing permanent supportive housing to homeless people with disabilities, we pride ourselves on a 97% success rate of keeping our residents in stable housing.

One of the most basic needs for members of our community is a safe and affordable home. SHC provides affordable housing and support services to formerly homeless individuals and families and provides access to opportunities to change our residents' lives forever. We build community, teach new skills, provide support for neighbors in recovery from addictions, and offer programs to develop healthy lifestyles. As basic as these programs may seem, they mean the difference between life and death for our community's most vulnerable.

Neighbors have the support they need to rebuild their lives so they will always have a place to call home. Neighbors, staff, volunteers, and partners from other service agencies are part of Charlotte's most innovative solution to homelessness. With permanent supportive housing, we spend far less than emergency shelter and save the community tens of thousands of dollars for every resident we house.

Our Mission

The mission of Supportive Housing Communities is to provide affordable housing to alleviate homelessness and human suffering.

Contributions to SHC are used wisely. SHC ensures that 94 cents of every dollar spent goes directly to the programs and the services provided to our neighbors.

OUR IMPACT

In-Kind donations **\$322,578.72**

of individuals served **463**

of households served **243**

of children served **207**

of jobs secured **31**

of move-ins **35**

% of residents who avoided emergency room related to mental illness **95%**

% of residents who remained in stable housing **87%**

% of residents in recovery who did not relapse **92%**

\$0.94 cents of every \$1 went back into programming
